

UNION.—Gov. Wright, of Indiana, was married yesterday morning to Miss Harriet Burbridge, of Scott county, and with his lady, came to this place yesterday evening, and dined with Gov. Powell, and a number of ladies and gentlemen, who had been invited to be present. Indiana and Kentucky have always stood side by side, when danger threatened the unity of States, and now they have clasped hands across the altar of love, and perfected not only a closer political, but also a social union. Right glad are we, that Kentucky beauty, and Indiana chivalry, effected the union of States, by the union of hearts. We little thought, last winter when the Governor alluded to the Indian custom of marrying by joining hands across a stream, that he intended to modernize, and adopt it. Henceforth the Ohio divides the two States, geographically only in interest and sympathy they are one.

IS THERE A CITY MARSHAL AMONG US?—At the Police Court on yesterday the question was raised upon various warrants served by our acting Marshal whether or not he is legally in office. After hearing the arguments pro and con, his honor Judge Monroe was unable to decide—great city this.—Yeoman.

The above is hardly just to our new Police Judge, though we presume not intended to be otherwise. The facts are: Summons were issued by the Police Judge under the provisions of the Criminal Code, against several persons, for keeping tippling houses. They were served by the acting Marshal of the city. Upon the trial, the counsel for the defendants raised the question whether or not the person serving the summons was a legally constituted Marshal. After argument, the judge decided that he was not competent for him, upon a collateral issue, to decide whether the Marshal was properly in office or not. His official bond was exhibited, behind which the Judge considered that he had no power to go. The law had provided a mode, by writ of *quo warranto*, by which the question could be reached and tested.—Com'th.

To the charge of the Commonwealth that we intentionally did an injustice to Judge Monroe, we reply that nothing was farther from our wish. Judge Monroe is a gentleman, whom we esteem as a friend, and respect as a man, and upon whose opinion as a lawyer we would rely as soon, if not sooner than that of any other at our bar. The 'sqib,' published in our last, was written in haste, and without the proper information as to the 'points' made in the question. With this disclaimer we publish our neighbor's article, as that is a sufficient vindication of the course pursued by Judge Monroe.

OUR FIRE DEPARTMENT.—We have intended for some time past, to say something in regard to the fire department of this place, and the number of fires which have recently occurred in our neighboring city, Lexington, has called our attention more forcibly to the necessity of an immediate organization of an efficient fire corps here, for we know not how soon we may be visited with another of those destructive conflagrations, which laid a portion of our city in ruins. We understand that although there are two engines, there are no regular companies to attend to them. It is not enough that we have the engines, we must have organized companies, who will take sufficient interest in them, to keep them in order, so that they may be constantly ready for any emergency. There is an evident disposition, however culpable, upon the part of the majority of those who attend fires, to work on the engines, when their own property is not jeopardized, and the only way that we can secure help enough to extinguish the fires, is to collect and organize a body of men, who will take an interest in the fire department. We throw out these suggestions with the hope that something may be done in regard to the subject.

WE call attention to the advertisement of R. D. Condon in this morning's paper. He offers some of the best bottom land in Arkansas for sale. It is a fine chance for a handsome speculation.

COL. DR. KERNAN'S Prize Ball, which was to have come off last night, is postponed until next Tuesday night on account of the sickness of Mrs. Place of the Capital Hotel. The Colonel requests us to say that he regrets that some of his patrons from a distance, were disappointed, but that he will be pleased to see them on next Tuesday night. Quite an interesting hop came off last night at the Mansion House, and the proficiency which his pupils displayed, evinced the skill of their Professor. After the young folks had retired, the beauty and chivalry of Frankfort tripped it on the 'light fantastic toe' until the witching hour of midnight, when all retired well pleased.

When the winds of applause blow fresh and strong, then steer with a steady hand.

WE neglected to notice at the proper time the kind invitation, sent to us by our friend Mr. Joshua W. Reiley, to attend the examination of his school at Reform, Fayette county. Our business was such that we could not attend, but we understand that every thing went off admirably, as we felt assured it would under the able management of the preceptor. The pupils, desirous of testifying their respect for him as a teacher and the esteem in which they hold him as a friend, presented him with a fine gold headed cane. Declaration, and singing were pleasantly interspersed between the recitations, and everything went off in a manner calculated to please all, and we hope that we may be able to attend the next exhibition that takes place.

KNOW-NOTHINGISM.—Colonel Taylor of the Statesman is exposing the designs and secret workings of the anti-Democratic institution, yelet "Know Nothings." His ponderous blows, tell, and if the members of that body do not writhe and contort, under the *expose*, it is because the truth has lost its efficacy to terrify evil doers. Democrats should study the principle upon which this institution is based, and if they do this, we have no fear but that the whole party will be repudiated, by the Democracy.

OWEN'S HOTEL, LOUISVILLE.—During our recent trip to Louisville we took occasion to stop at Owen's Hotel. To say that we were well pleased with the accommodations, would be saying less than would be justice to the accommodating landlord (Mr. Owen) and his clerk, (an old friend of ours, Henry Stealy.) Both of them are among the cleverest gentlemen that we met of, and they can contribute to the wants of weary travelers in such a way that if they ever stop there, they will be induced to try it again. They get up meals in such a manner that it gives a "thrill of pleasure to the frame" to eat and digest, and their 'drinkables' are those that are more exquisite to the taste than any nectarian juice ever imbibed by mortals or Gods. Commend us to Owen's!

WE learn that the bankers in Cincinnati have decided to take for the present, the notes of the Indiana Free Banks of \$5, and upwards, except the Peru, and Rensselaer banks.

"LET HER RIP"—There is, after all, a good deal of philosophy in this homely, slang expression. The self-made man, who, after years of toil, has amassed a snug little fortune, sees it in one short hour, by some unfortunate speculation, or otherwise, vanish like the baseless fabric of a dream, draws along breath, exclaims "let her rip," and projects some new enterprise by which to retrieve his loss. The patient lover, who after a year's suing and wooing in vain to his enamored fair one, receives a most flat and unequivocal refusal, solaces himself with the reflection that there are others in the world as good as she, exclaims "let her rip," and resolves to forget her. The conductor waves his hand as the index points out the dial of his watch to the hour of departure, and with the signal "let her rip," the throttle is raised, and the train goes crashing and thundering through the valleys, time and space alike annihilating. And thus we go through life, exclaiming "let her rip!" though fortune frowns or fortune favors, until at last the grim old Conqueror lets rip his dart and ends alike our earthly joys and troubles.

ADVICE from Acapulco are to the effect of July, and though the news contains no piece of startling intelligence, the revolution is represented as making a rapid and steady progress. The people from all parts of the country are flocking to the standard of Alvarez, and the chief himself, in excellent health, and with untiring energy, has pitched his tent in the mountains near Acapulco. He is surrounded by faithful and zealous adherents, and is evidently waiting for the cool season to begin another campaign against the Dictator.

THE numerous adherents of Mr. N. P. Willis's writings will regret to learn that that gentleman despairs of recovery from consumption, with which he has long been afflicted, and his idle papers in the Home Journal have been brought to a close. Mr. Willis says that he has thoroughly tried the "alkaline treatment" recommended by a Boston physician, and that it has done him more harm than good. He is now inclined to prefer homoeopathy, though he thinks there is a grain of truth in every theory of cure.

GRAHAM'S MAGAZINE for August is before us being the second number of volume forty-five. It was established in 1826. It would be unnecessary to speak of the beauty and excellence of this old and popular Magazine; to say that it has found its way into every parlor and library in the land, to say that it has ever ranked "number one" in the van of periodicals which have had now stock the book-stores everywhere would be repeating that which has been said so often that it "as familiar to our ears as household words." It is no other proof but to be seen. Time is the best test of its true worth and as we before said it has been forty-five years since it put forth its leaves and it is now flourishing, and growing stronger every day. This volume will contain the life of George Washington by J. T. Heady with beautiful illustrations. The Pros, Poetry and Scenery of the Coal Mines of Pennsylvania with illustrations. Service Orlin or spring in the mountains by Caroline Chescoe, &c. Terms three dollars for single copy, twelve copies twenty dollars. Address R. H. Lee & Co., Philadelphia Penn.

A writer in the State of Maine, over the initials "L. J. B." criticizes Fanny Fern. Of her wit he says, he never could discover it! That may be true, and yet Fanny is not to blame. She is not expected to find brains or perceptive powers for her readers.—Exchange.

There's our sentiments exactly, for we have often been obliged to explain some of our best original puns; and we have often perpetrated wit upon our neighbor on St. Clair street that he couldn't appreciate.

WE have received the second number of the "Southern Electric and Home Gazette," published in Augusta, Ga. It is published in double quarto form, upon clear white paper, with good type, and the selected and original matter is unequalled. It is furnished to subscribers at \$3.00 per year for a single copy, \$5.00 for 2 copies or \$6.00 for 3 copies. It is devoted to literature, the ladies, science education &c. We welcome it to our table gladly, and will cheerfully add any one in procuring a southern paper, which is superior to any of the northern sheets we have seen.

THE Greenville Alabama contains an account of a great outrage. A number of ladies and gentlemen had assembled at a hotel on the first for a party. While the dance was going on several of the company fainted and fell violently sick. It was discovered that some black-headed fiend had dragged the water in the pail, from which the company was supplied. Fortunately no ill consequences resulted, further than premature breaking up the party. The person who had committed this outrage had not been discovered.

CONSUMPTION AND SPITTING BLOOD.—See the certificate of Mr. Turner H. Ramsey, for many years proprietor of the Farmer's Hotel, Fredericksburg, Va., and late city Hotel Richmond Va.

Dr. John Minge, of the city of Richmond, through a regular physician, and of course obliged to what he called quack medicines, was obliged to say that its good effects in the case of Mr. Ramsey, were wonderfully indeed.

He had been given up by several physicians: had tried most of the quack medicines and was on the verge of despair, as well as the grave, when he tried Carter's Spanish Mixture.

We refer the public to his full and lengthy certificate around the bottle, stating his cure.

SCALD OR SORE HEAD, AND OTHER ERUPTIONS.—A most remarkable cure by Holloway's Ointment and Pills.—Mrs. Jackson, of Milk-street; Boston, has two children, aged three and five years; both of them were afflicted from their birth with the most inveterate scald heads which greatly interfered with their general health. The mother tired every remedy likely to benefit them, (which mother will not) to no purpose. But a friend recommended Holloway's wonderful working Pills and Ointment, offering to make Mrs. Jackson a present of \$10 worth of the medicines if they did not benefit the children; this too was tempting to refuse, the Pills and Ointment were obtained, and \$3 worth cured both. The mother gratefully paid for the Pills and Ointment and has written most gratefully to Professor Holloway for the cure effected.

PERHAM'S 100,000 GIFTS. OFFICIAL PROCEEDINGS OF THE SHARE HOLDERS IN PERHAM'S Third Gift Enterprise, IN MASS MEETING! HELD AT Academy Hall, 663 Broadway, New York, ON THURSDAY EVENING, JULY 27th 1854. AT 8 o'clock the meeting was called to order by Dr. Hall when B. S. Adams, Esq., was nominated and unanimously elected Chairman, and Robert Beatty, Esq., appointed Secretary.

The first business in order being the selection of a Committee to receive and receive the proceeds of the Gift Property, it was on motion, Resolved, that we proceed to the nomination and election.

The election being gone into, resulted in the choice of the following named gentlemen: ROBERT BEATTY, JR., H. A. BUCKMAN, JR., J. LATROPH, H. P. BARRETT, R. S. ADAMS, Chairman.

Justice Latroph offered the following Resolution: Resolved, That the Committee have power to fill vacancies, from a neglect to serve or to fill the requirements of a member.—Carried.

The Secretary then read the following: Resolved—That the Committee be authorized to receive from Mr. Perham the Gift property, or take from him bonds for its delivery as called for, and hold the same in trust for the Shareholders.—Carried.

On motion, it was ascertained that Mr. Perham had sold about 46,000 out of the 100,000 Gift Tickets, when the following Resolutions were offered and unanimously adopted: Resolved—That so soon as it is ascertained that 80,000 Gift Tickets issued by Mr. Perham in his 4th enterprise are sold, the Committee be authorized to call for the remaining tickets in a very limited time. On motion, adjourned.

ROBERT BEATTY, JR., Secretary.

MR. PERHAM'S CARD. Accompanying you have submitted the official proceedings of the Shareholders in Mass Meeting, conducted on the evening of the 27th inst., for the purpose of selecting a Committee, and taking into consideration other matters affecting the interests of all ticket holders in my Third Gift Enterprise.

It will be seen that a Committee have been appointed and instructed given them as to the manner in which they are to proceed to the consummation of the enterprise. For the information of absent share holders, I here let you state, that the number of tickets sold up to the present time is about 46,000. From this you will perceive, that so soon as 34,000 more are sold they will advance the whole body of share holders of the fact and ask of them, in general meeting assembled for the purpose, instructions as to the final disposition of the Gift Property, with which they are intrusted.

That these 34,000 tickets may be sold in the shortest possible time, the undersigned makes the following proposition, unequalled for liberality.

Each person who gets up a club of ten subscribers and forwards (10) ten dollars to this office, will receive by return mail or other conveyance, Eleven tickets.

Each person who sends (at one time) five hundred dollars, will have sent in like manner, Six hundred tickets.

And for all larger sums in exact proportion.

It is thus, ladies and gentlemen, that I hope to secure heavy co-operation in bringing this enterprise to a speedy, and I hope to all, a satisfactory termination.

With great considerations of respect,

I remain yours obediently,

J. PERHAM. Aug 15th 1854.
